

Acorn Class Newsletter

Well done Acorn Class for competing your first term at school!

All of the Early Years team are incredibly proud of how well the children have settled into 'big' school. Lots of new friendships have been made and the children have enjoyed trying new activities. We have noticed the children really enjoy being outside and our 'Welly Walk Wednesday' has become a highlight of the week. I would really like to develop our outside area and learning to foster this interest, so watch this space as I may be calling on some help!

Another area I have been incredibly proud is Phonics. The children are picking up the sounds quickly and next term we will focus on blending. Thank you to all the parents (and grandparents) at home too as the support the children are getting at home is incredible and really does benefit the children.

All parents are now connected to Class Dojo which is amazing so thank you.

Please do add things to your child's portfolio as the children really enjoy sharing this with the staff and their friends in school. It can be 'learning' activities but equally we love to see the things that you get up to as a family as it's a great talking point to share with the children.

Clothing

Please make sure all items of your child's clothing has their name on it. This means we can return lost items to the correct owner quickly. This does include coats, hats, scarves and gloves as the weather is changing and becoming colder.

Curriculum information

Our topic in Term 2 is 'Terrific tales and Celebrations'

In **Communication and Literacy** this term, we will be thinking about our favourite stories. These may include traditional fairy tales or other stories your child always goes back to. We will be performing some of our favourite stories using repetitive phrases and actions, creating our own story maps and learning about what a traditional tale is. You will definitely know some of these! We will continue to learn more Phonemes in Phonics and practise blending to read simple words and captions in our story books. In writing, we will focus on practising our names and correct letter formation. Also learning about labels and caption and trying to write our own with support. Please talk and share with your child some of your favourite stories. Maybe take a visit to the library!

In **Maths** this term, we will be learning to find one more/one less and to add and subtract practically. We will also be finding various ways to represent numbers 1 to 10. Our learning will be reinforced by the 'number blocks' which is a great programme that supports the Early Years Maths Curriculum.

Understanding of the World—We will continue to learn about the world around us through celebrations such as Diwali, Remembrance and Christmas. These provide lots of opportunities to be creative in **Expressive, Art and Design** too. We will begin to experiment with different colours and textures and explore different instruments in **Music**. In **RE** the children will begin to know what Christians say God is like.

Nativity

We will soon be sharing information about this year's Nativity. Look out for more details soon.

Phonics and Early Reading

We will continue to send home the Phonics home learning on a **Thursday** along with a new reading book. As part of whole school policy, we would like the children to read/share their reading book 3 times at home. Please do initial or comment in your child's reading contact book.

'Sharing books' to read for pleasure with your child, will be sent home on a **Friday**.

We are holding a Phonics workshop on **Wednesday 9th November at 2.30** if you would like to find out more about how our sessions run in school.

How can you help at home?

- Practise putting on jumpers and coats independently ready for the cold weather.
- Practise using a knife and fork.
- Share and discuss stories every night.
- Sing nursery rhymes and other short songs
- Listen and discuss sounds around you e.g. animal sounds, everyday sounds etc.
- Emphasise initial sounds of words i.e. c for cat
- Practise recognising and writing your name.
- Can you write short 3 letter words that we have practised in Phonics.
- Count daily and look out for numbers in your home.
- Create a rocket 'Firework' using junk modelling materials around the home.
- Write a letter to Father Christmas.
- Act out your own story for your family
